

# PARENTS AS PARTNERS

## QEES PARTNERSHIP

In partnership with your childcare provider, QEES is committed to the wellbeing of children and families during these unprecedented times. We invite you to collaborate with us in our QEES Family Association. Join us each month for an online ZOOM session for tips and guides to support social and academic learning in young children during this time of uncertainty.

Please refer to your childcare provider for access to ZOOM and other QEES resources at no cost to you.

## HEALTHY ROUTINES

Practicing safety measures helps keep everyone safe including our childcare personnel. Please follow these CDC preventative tips to protect our teachers and staff members.

- Wear a face mask when in public places
- Use hand sanitizer after touching public shopping carts, door handles, etc.
- Wash hands with antibacterial soap and warm water for 2 minutes
- Cover coughs and sneezes with forearm
- Practice 6 feet of separation when in public
- Follow your childcare drop-off and pick-up procedures

## KEEPING CHILDREN SAFE

- Provide a mask or any face covering for children when going into public spaces (children 24 months and older)
- Check children's temperature daily
- Remind children to cover their coughs and sneezes, and wash hands
